Families look behind the scenes at the ski resort.

Look forward to an exciting day full of snow, action and adventure! On Golmi's adventure day, you can take a look behind the scenes of the ski resort: You will experience snow groomers up close and learn how snow is made with snow cannons. You will also learn how slope safety works - from avalanche blasting and marking to slope rescue. During the avalanche search, you will learn how avalanche transceivers and avalanche airbags work and search dogs will also be in action.

To top it all off, Golmi and his friends await you. And with a bit of luck - a helicopter will also be on site*.

An unforgettable day for young and old explorers on the Erlebnisberg Golm!
