

Montafon Mountain Run

 Partenen

Narrow, steep, stony - in a word: extreme

The Montafon Mountain Run (Berglauf) starts in Partenen on Saturday, 21 September 2019! The steepness of the terrain and the diverse characteristics of the 2.3 kilometre-long route - from roots to stones - demands complete concentration! After the start in Partenen in front of the "Kops I" portal, the route leads past the Motta settlement and then branches off to a narrow forest path with pinchpoints and winding turns.

The last 300 metres, accompanied by the shouts of encouragement from the spectators, lead over the idyllic traditional Alpine pasture landscape to the mountain guest house Alpstöbli Tafamunt. After 500 vertical metres, the exhausted participants are rewarded with a breathtaking panoramic view of the mountains.
